To use the **Schedule Matrix**: Your **Team Number** is the number to the left of your team name in the list of teams. Find this number on the left edge of the schedule matrix. Each box to the right represents one game day for your team. If the box is shaded you do not have a game this day. Numbers in the boxes are the Team Numbers of your opponents. If the word "at" is in front of that number then you are the away team. If nothing appears in front of that number then you are the home team.
